School District 16 Early Childhood Programs The Move Begins

The multi-phase District 16 Facilities Improvement Plan continues to unfold.

In mid-March 2006, the district's Early Childhood Family Education programs, Learn & Play Preschool, and Early Childhood Special Education programs are moving from their Spring Lake Park High School complex location to their "interim site" at 1415 81st Avenue NE, Spring Lake Park.

This location, the former HealthPartners clinic, will eventually become the District Services Center.

Beginning March 22, families attending Early Childhood programs will go to the spacious facility at 1415 81st Avenue, where parking is ample, entering under the front canopy or main entrance of the building.

By fall 2007, these programs will take up residence in their "permanent" home, an Early Childhood addition to the Woodcrest Elementary School building.

Important 2007 dates for School District 16 Early Childhood Programs:

- **March 7** Last day of classes at current site
- **March 22** First day of classes at interim site
- **April 21** Registration for Summer 2007 and 2007-08 School-Year Preschool (in the Community Services offices, high school complex, 9-11 am)
- **May 21** ECFE classes end
- **May 25** Preschool ends
- **June 11** Summer classes begin
- **September** New Early Childhood facility at Woodcrest Elementary opens

The interim location for the Early Childhood Programs is 1415 81st Avenue, Spring Lake Park. This is two blocks east of Highway 65 and 81st Avenue, adjacent to the City of Spring Lake Park offices.
